Hi Emilie,

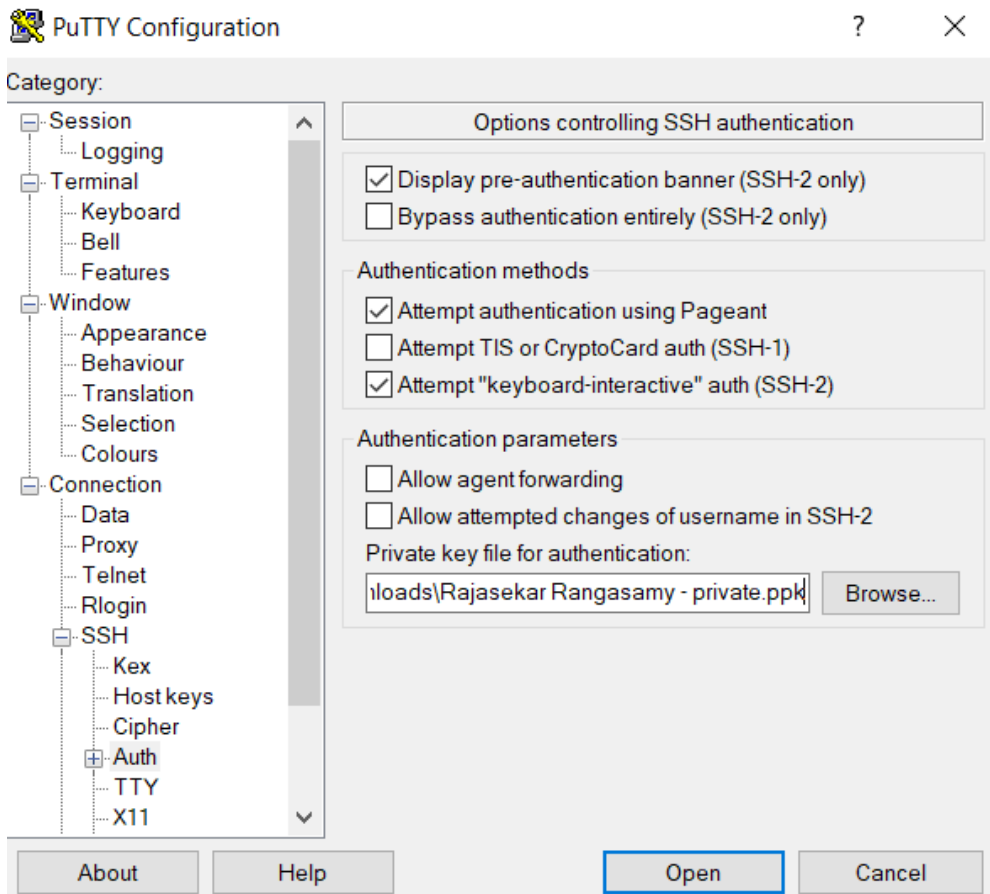

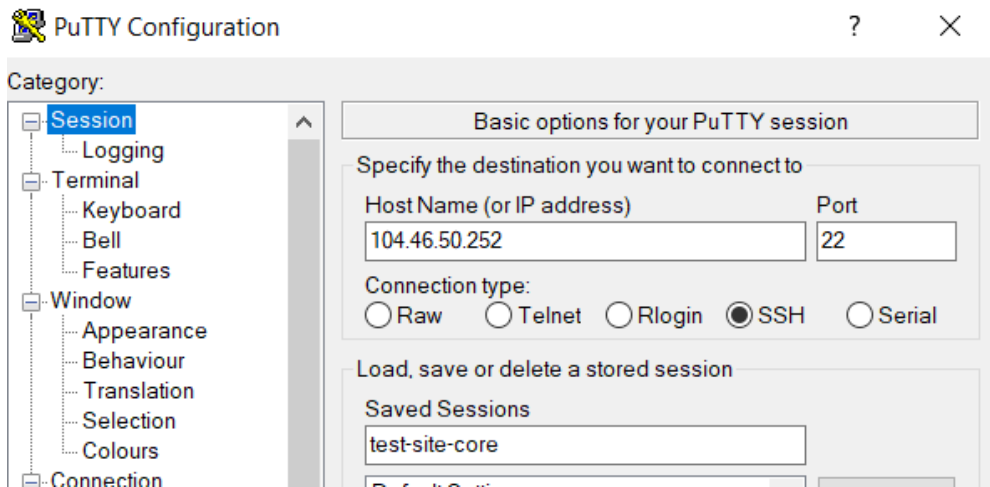

I am facing the below issue while connecting to the Linux machine, could you please check on this.

Linux VM

username: rajasekar  
Public Hostname: "cdta-rajasekar-[lnx.westeurope.cloudapp.azure.com](https://cloudapp.azure.com)"  
Public IP: "104.46.50.252"  
Note: Connection with SSH key.

Connect using putty and attached PPK file

Thanks and Regards,  
Rajasekar

Dear Rajasekar,

I hope you are doing well. I received your information from Trbhi and we are very excited to proceed in the interview process. The next step is to complete the Sitecore assessment test to measure your technical skill set.

Thank you for sharing your SSH key. The next step is to complete the Sitecore assessment test to measure your technical skill set.

Attached is the PDF that has more information in regards to the requirements and the desired outcome.

Credentials to use for the assessment to login in the 2 environments:

#### Linux VM

username: rajasekar

Public Hostname: "cdta-rajasekar-[lnx.westeurope.cloudapp.azure.com](https://westeurope.cloudapp.azure.com)"

Public IP: "104.46.50.252"

Note: Connection with SSH key.

#### Windows VM

username: rajasekar

password: "JgtRgeY47oKhk4rD"

Public Hostname: "cdta-rajasekar-[win.westeurope.cloudapp.azure.com](https://westeurope.cloudapp.azure.com)"

Public IP: "51.144.104.159"

Note: Connection with Password

Please send me the zip files containing the assignment [emilie.vanderkeilen@sitecore.com](mailto:emilie.vanderkeilen@sitecore.com) or if it's through bitbucket, please give me ([eve@sitecore.net](mailto:eve@sitecore.net)) full admin access so I can coordinate the interview.

We are looking forward to meeting you!

Please never hesitate to reach out in case you have any questions or concerns.

Warm regards,

Emilie
